

Abby Rothman joined Lockheed Martin in 1989 and in March 2004, was selected by the Corporation to provide leadership support in meeting Item Unique Identification (IUID) and Radio Frequency Identification (RFID) implementation challenges. Abby is an experienced leader with more than 24 years of diverse aeronautics and commercial industry expertise and has served in various key positions throughout her career. She comes from Lockheed Martin's Aeronautics Business Area, where she has been recognized for using her Operating Excellence facilitation and mentoring abilities to bring high-level teaming efforts to successful closure. Abby has been responsible for leading the day to day activities of the Corporate IUID/RFID Phase I, II and III IPTs.
