SUBJECT: Implementation of DoD Directive 5250.01, Management of Intelligence  
Mission Data in DoD Acquisition

DoD Directive 5250.01 requires all IMD dependent programs develop a Life-cycle Mission Data Plan (LMDP) prior to Milestone A and updates as required to support Materiel Solution Analysis, Preliminary and Critical Design Reviews (PDR/CDR) and Milestone Decisions. Programs with an approved Life-cycle Signature Support Plan (LSSP) dated earlier than January 22, 2013 are required to convert their LSSP to a LMDP prior to their next PDR, CDR or Milestone Decision.

To assist in the preparation of the LMDP refer to the Defense Acquisition Guide and the LMDP and IMD Costing Methodology guidebooks and templates. These references are available on the Defense Acquisition University web-site and Intelligence Mission Data Center (IMDC) SIPRnet website. My point of contact for this matter is Mr. Andrew Defler. He may be reached at (703) 695-4166 or via email at [andrew.defler@osd.mil](mailto:andrew.defler@osd.mil). You may also contact the IMDC at [IMDC\\_LMDP\\_support@dodiis.mil](mailto:IMDC_LMDP_support@dodiis.mil).
