

Procedure for Accessing Electronic Tabular Firing Tables on AKO

1. Log onto AKO at www.us.army.mil
2. On top toolbar, use the search function to search AKO sites for “FTaB”

Make sure you have selected “AKO Sites” from the pull down menu.

3. Look for the FTaB Division Home Page link ([https://www.us.army.mil/suite/portal.do?\\$p=131620](https://www.us.army.mil/suite/portal.do?$p=131620)). Click on (Homepage).

4. Once on the FTaB Main Page, click on either the Artillery or Mortar Subscription request button. If you require access to both databases, you must apply to each one separately.

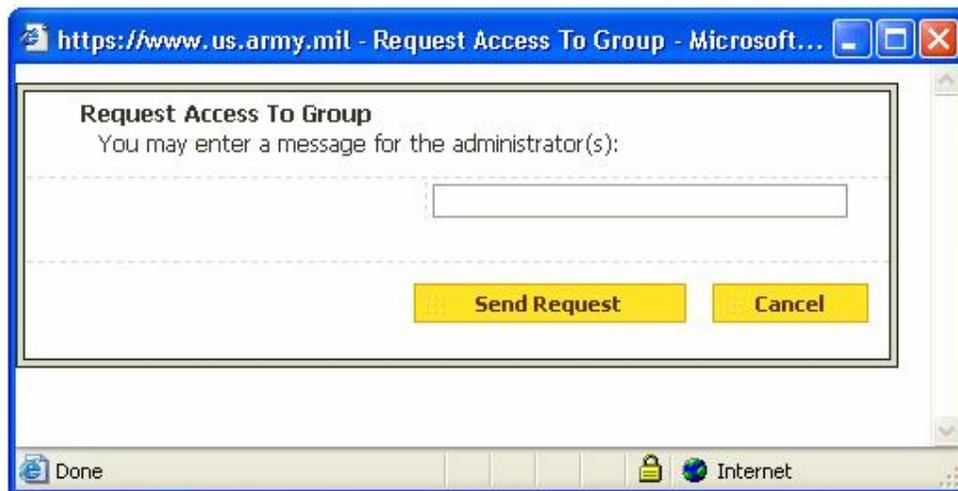

Procedure for Accessing Electronic Tabular Firing Tables on AKO

5. On the subscription request page, click on the “Register” link on the top left corner of the main pane.

6. A pop up will appear where you can type a short message to the FTaB AKO site administrator. By clicking “Send Request” your request for access to the current ETFT database will be sent to the site administrator.

7. Once the request is sent to the FTaB administrator, you will be contacted through email during regular business hours (0700-1600 EST M-F) requesting more information to verify your position and reason for access to this site. Upon replying to this email, access will be granted for the specific online database from which the request was submitted after being reviewed by the administrator. If you require access to more than one database, separate requests must be sent and each email requesting more information must be replied to.
