## **DLA Logistics Information Services News**

- ▶ WebFLIS is now available via smart phone (i.e. iPhone, Android, etc). Currently, users scroll to view full screen of data output
- ▶ DLA Logistics Information Services has another application, Federal Item X-Reference (FIXR). Its capabilities include searching on current and historical NSN data, hazardous data, and Enterprise Business System (EBS) Bill of Material (BOM) data. For more information, go to the following Home Page at: [www.logisticsinformationservice.dla.mil/FIXR](http://www.logisticsinformationservice.dla.mil/FIXR)
