DoD ESI Working Group

DoD ESI is a joint project originally established as the Department of Defense Enterprise Software Initiative to implement a software management process for the DoD enterprise. The DoD ESI Working Group coordinates planning and implementation for enterprise agreements. The Working Group is comprised of members from DoD Components and is co-chaired by a DoD CIO representative and a Military Service representative.

DoD Information Technology Asset Management (ITAM)

Joint Integrated Product Team (IPT)

Optimizing acquisition and utilization of IT assets through ITAM is a core objective of DoD ESI. The DoD ITAM effort is organized under DoD ESI, and is coordinated through the DoD ITAM Joint IPT to establish an enterprise ITAM process.
